OFFICE OF THE DEAN (RESEARCH), JIPMER

**Subject: 10<sup>th</sup> Annual Research Day 2025 - Save the Date and Department Planning**

Dear Department Heads,

The JIPMER Annual Research Day is a key event in our institute's calendar and showcases the innovative research being conducted across our departments. This event provides an invaluable opportunity for faculty, residents, and students to share their work, foster collaborations, and celebrate our collective achievements in advancing medical research. While the **10<sup>th</sup> Research Day is scheduled on March 8**, we have **research presentations** by our students, residents, research staff and faculty members in the **afternoon over three weekends in February (7, 8, 14, 15 and 21, 22)**

This is our shared moment of celebration, and I invite you all to actively participate in the events. To ensure maximum participation and engagement from all departments, I kindly request that you:

- Mark your calendars and plan to attend the Research Day events on all days
- Share this information with your faculty members, residents, students and research staff
- Refrain from scheduling departmental meetings, academic sessions, or other events on these dates

We will send you a detailed program in due course, but among other events, the Research Day program will feature:

- Original research presentations from faculty, residents, students and research staff
- Keynote presentation from a distinguished researcher
- An awards ceremony

We will share detailed information about abstract submissions, presentation formats, and the full program schedule in the coming weeks. Meanwhile, please ensure this date is protected in your department's calendar to allow maximum participation from your team. Your participation will significantly contribute to its success.

Thank you for your cooperation in making our Research Day a successful and enriching experience for the JIPMER community.

Best regards,

Dean (Research) 15/1/2025
