Greetings from Department of Nursing Services, JIPMER, Puducherry

JIPMER is one among the eminent National importance institutions in the country which is providing exemplary teaching from undergraduate to super speciality & sub-specialities, conducting path breaking research and providing speciality care of high order. The model of providing free speciality health care while maintaining quality and safety makes JIPMER a unique model in the country. Established in 2013, the Department of Emergency Medicine & Trauma comprises a team of dedicated physicians, nurses, emergency medical technicians, ECG technicians and other healthcare professionals committed to providing medical care to the rich diversity of people in Puducherry and beyond. EM department treats on an average of 450 patients per day. Emergency department is equipped with X-rays, ultrasound, CT scan, ECG and biochemical point of care laboratory functioning 24x7. Our Nursing department carries out periodical capacity building activities like In-service Education, Institutional level CNE Programme, Interdepartmental education, Department Mini Workshops and State and National level conferences to enhance the knowledge and skills among nurses to provide meticulous quality health care.

About the Conference

Welcome to the Emergency and Trauma Nursing Conference 2024!

It is my great honor and pleasure to host this year's National Nursing Conference on Emergency and Trauma Nursing at JIPMER. In the ever-evolving landscape of healthcare, emergency and trauma nursing stands at the forefront, demanding both exceptional skill and unwavering compassion. This conference represents an invaluable opportunity for us to share knowledge, explore the latest advancements, and collaborate on strategies that will shape the future of our practice with regard to emergency and trauma.

We have assembled an impressive lineup of speakers and experts who will offer insights into emerging trends, groundbreaking research, and best practices in the emergency and trauma. Each session is designed to enhance our expertise and provide actionable strategies that we can integrate into our daily practice.

We have planned Pre conference workshops on 16th October 2024 and main conference on 17th and 18th October 2024. We encourage active participation and look forward to your valuable contributions during the various sessions of the conference. You are requested to register early. Enjoy the conference!

Regards

Mrs Sankareswari A,

Chief Nursing Officer, Organizing Chairperson, JIPMER
