01.04.2025**

DEPARTMENT OF NURSING SERVICES, JIPMER

JIPMER is one among the eminent National importance institutions in the country which is providing exemplary teaching from undergraduate to super specialty & sub-specialties, conducting path breaking research and providing specialty care. The Hospital continued to expand along with the Nursing department which is indistinguishable part and parcel of the Health Care System. From General Health service to specialty service the Nurses have given their vibrant and extraordinary contribution in providing excellent and efficient safe and quality care in all patient care services. Our department carries out periodical capacity building activities like In-service Education, Institutional level CNE Programme, Interdepartmental education, Department Mini Workshops and State and National level conferences to enhance the knowledge and skills among nurses to provide meticulous quality health care.

ABOUT THE CONFERENCE

The Department of Nursing Services, JIPMER in collaboration with Association of Nurse Executives India(ANEI) presents this conference as a platform for knowledge sharing, innovation, and collaboration. Together, we will explore the latest advancements, evidence-based practices, and transformative strategies that empower nurses to lead with excellence in patient safety and quality improvement. From leveraging technology and enhancing interdisciplinary collaboration to addressing the well-being of our workforce, this conference is designed to inspire, educate, and energize every attendee. Join us for this journey to excellence.
