

JIRHC Report for JIPMER website for December 2022

1. Observance of World AIDS Day (1st December 2022) on 13th December 2022 & 14th December 2022

World AIDS day was observed for two days in JIRHC. Health awareness on HIV stigma, preventive steps, Do's and Don'ts, and screening strategies were given to the patients attending JIRHC.

2. Dental screening camp at Govt. High School at Pillaiyarkuppam (14 December 2022)

Dental camp was conducted in Govt. High school. Mobile dental clinic team along with the JIRHC team have screened the school students for dental caries and dental anomalies. Total beneficiaries screened were 78. The students were given Acidulated Phosphate Fluoride gel (APF) for application to their teeth to prevent dental caries. Their hemoglobin was also checked, and the students with anemia were identified and referred to JIRHC.

3. Restart of provision of cooked food from Anganwadi (20 December 2022)

State government has issued orders to resume the service of provision of cooked food. As per the orders, the services were resumed on 20th December 2022.

4. Health talk on Immunization at Well Baby Clinic (29 December 2022)

During the well-baby clinic, health talk on immunization covering the topics of name of the vaccine, time at which it is given, the diseases prevented by those vaccines, and warning signs to be reported were covered. The beneficiaries were the parents of the children.

5. Door-to-door COVID-19 vaccination over the month of December

- COVID-19 vaccination (COVISHIELD) was administered to the general public at their homes. First, second and precautionary doses were given to the appropriate beneficiaries.

6. Village Health Sanitation and Nutrition Day

VHSND was conducted in Pillaiyarkuppam. The beneficiaries covered were the elderly, lactating mothers, children. The children were examined by the paediatrician and advice was given for the concerned individuals. Health talk on nutrition was given by the paediatrician. Iron and Folic acid supplements were provided by the ASHA to the beneficiaries.

Brief Report on Health Camp at Old Town, Cuddalore

A health camp was conducted on 3rd December 2022 (Saturday) from 9.00 AM to 1:30 PM in Old Town, Cuddalore district, Tamil Nadu. The health camp was organized under the Chief Minister's Comprehensive Health Insurance Scheme (CMCHIS) in co-ordination with Department of Preventive and Social Medicine, JIPMER. The health team comprised of clinical and para-clinical staff from JIPMER along with community volunteers.

Services at the camp:

1. Health check-up
2. Consultation with Departments of Medicine, Obstetrics & Gynaecology, Ophthalmology, ENT and Dermatology
3. Screening services – Hypertension, diabetes, anaemia, cataract
4. Referral services to JIPMER, Puducherry and Govt. Hospital, Cuddalore as necessary

A total of 251 individuals attended the camp of which majority were in the age group of 46 – 60 years (39.80%), followed by 19 – 45 years (31.94%), 5 – 18 years (17.13%), more than 60 years (8.36%), and under 5 years (2.78%). Among the attendees, 68.92% were female and 31.07% were male. Hemoglobin was measured for seventy-one attendees. Random blood glucose of 188 attendees were measured, out of which 33 (13.14%) had abnormal values of ≥ 200 mg/dl and were advised dietary modifications and importance of adherence to treatment. Medicine department had the most consultations followed by Ophthalmology, ENT and Dermatology. Ophthalmology team screened persons with diabetes and hypertension for complications, screened many individuals positive for cataract and referred for cataract surgery and those with decreased visual acuity were provided with prescription for spectacles.
