Message from the Organizing Chairman

Dear friends

The department of Forensic Medicine & Toxicology, JIPMER, Puducherry takes immense pleasure in inviting you all for an online CME on “Unclaimed bodies, Organ donation, Night autopsy - An update’ on 9th September 2022. Our eminent speakers will be deliberating on various issues like the practical issues faced by the forensic experts while dealing with the unclaimed bodies, deceased donor transplantation and night autopsy. The deceased organ donation that is going on in different institutions has its shares of ethical and legal implications which needs a proper understanding. The recent ruling on night autopsy has left the forensic fraternity into thinking about its ground level application and utility. Kindly interact with our speakers to discuss about all these and other related issues through this online event.
Thank you all

Dr. Siddhartha Das
